

Kindergarten

Learn about the first botanist who travelled through the Hinton area over 200 years ago. Discover his day to day struggles and adventures within the pages of his journal and get hands on training to become a botanist just like him. Activities include: plant dissection, plant part identification, and plant and take home a local plant.

\$5/participant

1 hour 30 minutes to complete/minimum 15 people

The following can be added on to 'Becoming a Botanist':

Ziploc Flower Art- 30 minutes

Press your own flower to take home.

\$2/participant

Wishing Jar- 30 minutes

Forage local flora to place inside a small glass container and wear it as a necklace!

\$4/participant

Garden Bugs- 45 minutes

Paint rocks to create cute bugs to take home

\$2/participant

Shaving Cream Trees Art- 1 hour

Combining print making and shaving cream to create a beautiful piece of art. **\$4/participant**
